

## Note to Turbo C/C++ Users

The NI-488.2™ *Software Reference Manual for MS-DOS* (part number 320282-01) contains Microsoft C formats and examples for the NI-488.2 routines and NI-488® functions. The Microsoft C syntax used in each routine and function in this manual is compatible with your Turbo C and Turbo C++ application programs.

For information on running your application program and using the language interface source file, refer to the Turbo C/C++ language interface README .DOC file on the distribution diskette.
