

# GETTING STARTED

For floppy disk installation, replace Step 1 on the **Getting Started** card that came with your CD with the following:

- A. Insert the first *NI-488.2 for Windows* floppy disk into your floppy drive.
  
- B. Select **Run** from the **Start** menu.
  
- C. Type `x:\Setup` (where `x` is the letter of your floppy drive), then click on **OK**.
  
- D. Continue with Step 2 on the **Getting Started** card that came with your *NI-488.2 for Windows* CD.
