* U Engleskoj postoje dva stupnja odvjetničkog zvanja: obični solicitor i viši barrister. Solicitor obavlja većinu odvjetničkih poslova, priprema slučajeve za sud ali ne zastupa sam stranku pred sudom (osim pred nekim nižim sudovima), što je posao barristera. Osim stupnja barrister u Engleskoj postoji i Queen's Counsel (*skraćeno* Q. C. *odn.* King's Counsel, K. C., kad Engleska ima kralja), pripadnik elitnog gornjeg sloja barristera. Kad barrister postaje Q. C. ili K. C. za njega se kaže he took silk ili he was called within the bar. Figurativan naziv za Q. C./K. C. je silk gownsmen, silk gown ili kolokvijalno silk. Škotski odvjetnički sustav sličan je engleskom, osim što za solicitora postoji i službeni naziv law agent, a barrister se službeno nazivlje advocate. (Naziv advocate upotrebljava se i za barristera u crkvenim i nekim posebnim sudovima u Engleskoj.)

** U SAD odvjetnici se ne dijele na dva stupnja kao u Engleskoj. Postoji samo attorney (*puni službeni naziv* attor-

ney-at-law) koga obično jednostavno nazivlju lawyer. Svaki od njih može zastupati stranku pred sudom, premda se za to specijalizirani (kroz praksu) odvjetnici obično nazivlju trial lawyers/attorneys/counsels.

Prevodi se na engleski na slijedeće načine:

- 1. sufiksom** -ness (npr. *sporost* slowness)
Komentar:
Najčešći i najneutralniji engleski sufiks kojim se izražava apstraktno svojstvo (naznačeno pridjevskom osnovom). Prilično često zamjenljivo drugim sufiksima (npr. frivolousness: frivolity / ↓ 2./)
- 2. drugim sufiksima** (npr. *neozbiljnost* frivolity, *mirisnost* fragrance, *razrađenost* elaboration)
Komentar:
Nema pravila za odabir između -ity, -ty, -tion, -ence itd. Kad alterniraju s -ness (npr. efficaciousness; efficacy), imenice na jedan od ovih sufikasa često se osjećaju kao običniji, prirodniji izraz.
- 3. imenicom** quality (npr. *alarmantnost* alarmist quality)
Komentar:
Imenica quality zamjenljiva je cijelim nizom drugih imenica. Vidi indekse (32) i (37) u listi »Zamjenljivih riječi/izraza« na zalistu.
- 4. participom** being (+ *pp ili Adj*) (npr. *opuštenost* being relaxed)
